

“Saint Mother Teresa helps us understand that our only criterion of action must be selfless love for every human being, without distinction of language, culture, ethnicity or religion. Her example continues to guide us by opening up horizons of joy and hope for all those in need of understanding and tender love, and especially for those who suffer.”

### **POPE FRANCIS**

*Message for World Day of the Sick 2019*

Generous Lord, with love beyond all telling, Jesus sends us to shower your love on those most in need, particularly in our ministry to the sick. In the spirit of Saint Mother Teresa of Calcutta, inspire us to serve with courage, love and generosity.

Give us courage to guard the dignity of those who are abandoned and discarded, especially the dying, unborn, migrant and refugee. Let those among us whose voices are strong raise them in defense of the weak.

Give us love that unveils the face of Christ in the face of every individual we meet, particularly in those we find most difficult to care for.

Give us generosity born from the knowledge that all good things are gifts of your love and, through us, are to be shared with the world.

**Amen.**
